SUBJECT: Materials for the House Ways and Means Committee

Mary Jane Wignot, a staff member of the Trade Subcommittee of the House Ways and Means Committee requested material from the Special Trade Representative to prepare the Members for a meeting with the German Economic Minister on Tuesday, February 23, 1982.

The attached material was prepared for Ambassador Brock and also given to other principal members of our government. STR thought this material would be useful for this exercise. There is a general statement on Germany and Germany is discussed in each of five sectorial papers: automobiles, chemicals, steel, telecommunications and textiles. STR has been told that CIA would deliver the material directly.
